Office	Student Name	Biography
Chapter President 5/18/22 - 8/17/22	Jada Sanchez	Hey Righetti FFA! My name is Jada Sanchez and this year I am serving as your Chapter President and Regional Vice President! Within my years wearing the blue jacket I've competed on various judging teams, participated in prepared speaking and raised market hogs for 3 years. My absolute favorite part of this organization is the great opportunities that I have received. From having the opportunity to get to know members of our region as Regional Vice President and being able to travel across the country to compete in Poultry Evaluation. Outside of my cowgirl boots and uniform, I spend all my money on Dutch bros and my weekends watching the sunset at the beach. I can't wait to spend this year with everyone!
Chapter Vice President 8/11/22 - 6/8/23	Carlos Gonzalez	What's up everyone it's Carlos Gonzalez. Throughout FFA I've been able to see lots of potential growth, I never would of thought me pursuing something so out of the ordinary. As I enter my last year in high school I can see myself doing what my younger self wouldn't have even imagined of doing... going out of my comfort zone! I am beyond excited to see what we have planned this year, hope you will be ready to be mind blown!

Santa Maria-Righetti Program Action Events

8/15/22 - 6/10/23

The following are the student leaders that are initiating the program's strategic plan through development and management of key program activities that align to the mission and vision plan of the program.

Greenhand Bootcamp

Sep 26 2022

Committee: **Strengthening Agriculture - Chapter Recruitment**

Activity Description:

Greenhand Bootcamp is an event put on by our leadership team and members of the Chapter Recruitment committee to teach our freshman members about every aspect of FFA. The Bootcamp is combined with a variety of workshops including CDEs, LDEs, SAEs, and team building.

Goal #1

Our 2022 Greenhand Bootcamp will be more hands-on compared to recent years. Making the event more hands-on will keep the students engaged in the content.

Plan of Action #1

The leaders in charge of each workshop will brainstorm ideas on how to make this event hands-on and create a flexible budget for this improvement. We must also develop a list of supplies needed to meet the goal.

Outcome Evaluated and Reported #1

The goal of making the workshops more hands-on was met. All the workshops had an activity such as making floral bouquets during the CDE workshop and writing plans then nailing them on a wooden emblem.

Goal #2

The Bootcamp will host over 30% of our freshman members after school. We want more than 30% of our new members to attend despite all the after-school sports and activities.

Plan of Action #2

We plan to go to every freshman class to inform them about the event and inform them about the different workshops, activities, and food.

Outcome Evaluated and Reported #2

The Bootcamp held 37% of the freshman classes despite all the afterschool activities going on.

Goal #3

Plan of Action #3

Outcome Evaluated and Reported #3

Advancing Agriculture

This event is advancing the students' leadership skills by going through mock career development events hosted by the workshop leaders.

Impact

This event impacted the freshman by informing them about all the opportunities they have and they now have the ability to take advantage of those opportunities.

Related to Quality Standard

This is related to chapter recruitment because we are teaching freshmen about all aspects of our program. At this event, they also had the chance to sign up for livestock and CDEs.

Accomplishments

This event made it on the California FFA news.

The Kinderpatch is an event for local elementary schools and families of our community to learn about all that agriculture has to offer. This event has many stations for the children to attend such as a petting zoo, pumpkin patch, and transplanting. The purpose of this activity is to give back to our community and promote agriculture.

Goal #1

All prior planning and gathering of supplies be done a week before the event. This will be done by our Agriculture Leadership class and the Leadership committee.

Plan of Action #1

The members in the leadership class will interact with those in the Leadership committee to inform them about t-shirts, stations sign ups, and other essential information.

Advancing Leaders

This activity provided the local elementary students with the opportunity to learn about agriculture at such a young age and they understand where their food is coming from. Our own Righetti FFA members showed their leadership skills during this event as they were the ones leading the schools to each station.

Impact

This event impacted the elementary students in our community because they all got to take home items such as a transplant they can plant with their families. It also made an impact on the members who helped during the event because they were able to step into a leadership role and they say it's one of their favorite memories within our program.

Related to Quality Standard

This activity is related to the leadership quality standard because our students take on responsibilities, communicate with others, and show their passion for agriculture and for our community.
